

Joint letter to UN Member States: Ensure meaningful civil society participation in the 2020 virtual HLPF

June 2020

Dear Excellencies,

We, the undersigned 460 civil society organisations (CSOs) from 115 countries, write to seek your support in ensuring the effective participation of civil society during the upcoming UN High Level Political Forum (HLPF) scheduled for 7-16 July 2020. As the preeminent multistakeholder body responsible for the review and implementation of the Sustainable Development Goals (SDGs), HLPF processes derive strength from the engagement of diverse actors including a broad range of civil society organisations working at various levels. As the HLPF transitions to virtual communication and convening for its July 2020 session due to the global spread of the COVID-19 pandemic, it is essential that all relevant actors, including States and UN agencies, support and devise clear modalities to enable robust virtual civil society participation.

In response to disruptions caused by COVID-19, a number of Inter-governmental bodies have taken concerted efforts to facilitate extensive virtual participation in official meetings. Inclusive virtual modalities are crucial to supporting international cooperation in the spirit of multilateralism. An enabling environment for all stakeholders to participate that takes into account digital divides is thus crucial.

In his “We are all in this Together” statement of 23 April 2020, UN Secretary General António Guterres underlined the importance of promoting and protecting civic space in response to COVID-19. With respect to the SDGs, Secretary General Guterres unequivocally stated that, “Looking ahead, we need to build back better. The Sustainable Development Goals — which are underpinned by human rights — provide the framework for more inclusive and sustainable economies and societies”. Civil society is key to implementing the SDGs and we must take united action to ensure that the virtual HLPF reflects the broad spectrum of stakeholders who are committed to creating The World We Want.

To this end, we urge all states and UN agencies to support the following measures:

- Provide an opportunity for at least three Major Group and Other stakeholders to respond to each Voluntary National Review (VNR), one of which should be from civil society.
- Representatives from national civil society groups voices should be prioritized for inclusion during the HLPF, with adequate representation from regional and international civil society organisations.
- Written questions should also be presented and answered within a month of the HLPF for those who are unable to ask their question within the given time of the VNR session.
- All civil society shadow VNR reports should be published on the UN’s official HLPF website.
- Ensure side events are inclusive of stakeholder participation, including a wide range of civil society led side online events to be shared in the official programme.
- Identify more participatory approaches to engage with stakeholders on an ongoing basis, including best practice on use of online meeting technology to provide inputs, to ensure a more inclusive process before, during and after the main HLPF sessions

We thank you in advance for your consideration.

Sincerely,
